NOTES:

1. Additional items might be included in the general outline as if considered relevantly appropriate with the main references, please feel free to make a note and put forward such additional items for discussion in the upcoming WebEx meeting.
2. Internal negotiation with other colleague responsible as if consider necessary to share preparing the draft of any particular sub chapter as far as the items are not overlapped with material of other chapters. Such items are subject to further discussion and clarification at the following WebEx meeting.
3. Separate email communication might be pursued for including any other relevant materials which are consider appropriate for enhancing overall improvement of the final report and subsequently be discussed in the following WebEx meeting in line with the time frame.
4. For general reference, all are welcome to propose any reference materials that are appropriately considered relevant with the final report on top of the available references which were collected and provided form previous activities of the WG-IOA.

B. Review and adjustment of the Implementation program of WG-IOA

2. Considering the overall time frame and the availability of time for discussion of the draft of the report of WG-IOA through virtual meetings and/or webinars stated previously, the meeting agrees to encourage active participation of the members of WG-IOA and collaborative supports of other ICID Working Groups, Task Forces and Central Office of ICID, through the following working time frame;

2.1. Completion of final draft will be done after having and incorporating the Report and Papers on last International Workshop of WG-IOA ICID on Public and Private Partnership (PPPs) in Irrigation and Drainage Operation and Maintenance toward

Sustainable Irrigated Agricultural Water Management, which would be conducted at the 72nd IECM of ICID in Marrakech, Morocco, 24-28 November 2021;

2.2. Discussion of the final draft through the 7th meeting of WG-IOA at the 73rd IECM of ICID in Adelaide Australia, May-June 2022;

2.3. Finalization of the Final Report, Published and launched the report at the 74th IECM of ICID, 16-22 April 2023 in Beijing, China; (**Notes: Publication of the Final Report of WG-IOA) will be done by means of E-Publication after the necessary editing and formatting with the support of Central Office of ICID)**

2.4. Alternatively, due to one reason or another, we still could reserve to launch the Final Report at the 75th IECM of ICID November 2023, at Visakhapatnam (Vizag), Andhra Pradesh State, India, which is still within the time frame of WG-IOA.

(See: 1). *The Initial Program of WG-IOA and 2). The Review Working Schedule of the WG-IOA based on discussion at the WebEx/Zoom Meeting, per attached hereto for more details).*

C. Any other business discussed at the WebEx Meeting

3. Anticipating the last International Workshop on WG-IOA: For preparing the last material for Final Report of WG-IOA, the last international workshop on PPPs was scheduled to be conducted in Sidney, Australia in September 2021, but due to Covid 19 Pandemic, the event was moved to Marrakech for March April 2020, however it was not possible to implement till the pandemic could be controlled. The workshop is now scheduled in Marrakech, Morocco somewhere between 24th and 28th November 2021.

3.1. The topic of the WS is: “Public-Private-Partnership (PPPs) in Irrigation and Drainage Operation and Maintenance toward Sustainable Irrigated Agricultural Water Management.

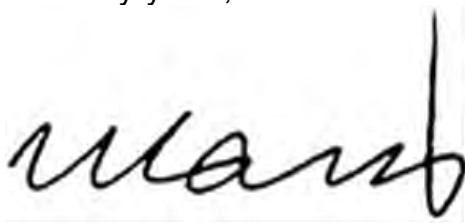

3.2. Consisted of three sub topics: (1) PPPs Approaches and conditions for Successful IOA toward Sustainable O&M of Irrigation and Drainage; (2) PPPs Approaches and Conditions of IOA for Successful Irrigation/Drainage Management Transfer Arrangement; (3) Legislation and Institutional Requirement for Transferring of Responsibilities and/or Ownership of Irrigation and Drainage Systems to Water Users Association, through PPPs Approach.

4. Effective Utilization of database of WG-IOA at the Central office of ICID: On top of the main and supporting references that have been shared to the member of WG-IOA through Goggle Link, other references such as the related workshop materials on IOA (including the upcoming Marrakech IOA-Workshop) will also be store at the CO’s Database, and will soon be distributed through Google link too. The members of WG-IOA are highly expected and encouraged to use the reference for preparation of WG-IOA final report.

5. **Upcoming Schedule for 3rd WebEx Meeting of WG-IOA:** For subsequent discussion of the draft of Final Report of WG-IOA that the assignment has been shared and distributed, it is expected to have it conducted at the middle of **June 2021**, after Doodle confirmation with the members of the WG-IOA.

We highly expect that all of the program will be conducted successfully and looking forward to having active participation of colleague members of the WG-IOA, with helps, support and participation of the relevant WGs', Task Forces' and CO of ICID for materializing the Mandate of WG-IOA (Institutional and Organizational Aspects of irrigation/ Drainage System Management).

With best regards and
Sincerely yours,
